Introduction

This booklet provides a list of the HealthPartners Medicare Prescription Drug network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and HealthPartners Medicare Drug Formulary.

If you have additional questions, please call Member Services at:

HealthPartners® Freedom Plan (Cost) members should call 952-883-7979 or 1-800-233-9645 from 8 a.m. to 8 p.m., seven days a week. TTY users should call 952-883-6060 or 1-800-443-0156.

HealthPartners Medicare Prescription Drug Plan (PDP) members should call 952-883-7373 or 1-877-816-9539 from 8 a.m. to 8 p.m., seven days a week. TTY users should call 952-883-6060 or 1-800-443-0156.

Or visit healthpartners.com/partdpharmacy.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by HealthPartners. In most cases, your prescriptions are covered under HealthPartners only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

Preferred pharmacies are pharmacies in our network in which our Plan has negotiated lower cost-sharing for its plan members for covered prescription drugs than at non-preferred pharmacies. However, you will still have access to lower drug prices at non-preferred pharmacies than at out-of-network pharmacies. You may go to either of these types of network pharmacies to receive your covered prescription drugs.

The listings for community pharmacies start on page 3. National chain pharmacies are listed throughout the community pharmacy listing.

This directory is current as of July 2010. A pharmacy’s listing in the directory does not guarantee the pharmacy is still in the network, is open or is still in the same location.

National pharmacy network

You have access to a national pharmacy network whether you're in this area or away. If you need a prescription while traveling outside the service area, simply show your HealthPartners Member ID card at one of the national pharmacy chains listed below and your prescription will be covered at the in-network benefit level.

If you are hearing impaired, please call TRS Relay at 711 for assistance.

All national pharmacies listed below can fill up to a three month supply.

Mail-order pharmacies

Our plan offers both preferred and non-preferred mail order services. For 90-day supplies, the preferred mail order service offers covered drugs to members of our plan at lower cost-sharing levels than apply at a non-preferred mail order service when members order an extended day supply. You may use either of these types of mail order services to receive your covered prescription drugs.

If you are hearing impaired, please call TRS Relay at 711 for assistance.
