Subject: Letter of recommendation for a construction company

Respected sir/madam,

This letter is in recommendation of Prospects Construction as a General Construction Company. There is no better intermediary for ensuring construction projects are always running smoothly and at their peak. And they are a great coordinator and able to convince everyone from subordinates to clients to follow their lead. This is because they exude a level of knowledge and expertise that simply inspires trust of clients.

We have been working with Prospects Construction for the construction of our tennis court. What we appreciate most about them is their keen ability to get answers. We never have to wait for more days to hear solutions about location, equipment, and cost of materials, labour, and time management. And they provide the best and fastest service.

I can recommend that you work with Prospects Construction. I strongly reference the partnership of the company for your contract.

For further queries, you can reach us at +27 83 390 0699.

Sincerely, Sindi Mabaso-Koyana
